### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source and is for water for the South half of the Northwest quarter of Section Four, T. 44 N., R. 19 E., M.D.B. & M., only.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

0.8 cubic foot per second. (Eight-tenths)

Actual construction work shall begin on or before May 10th, 1918.

Proof of commencement of work shall be filed before June 10th, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before May 10th, 1919.

Proof of completion of work shall be filed before June 10th, 1919. Application of water to beneficial use shall be made on or before May 10th, 1920. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 10th, 1920.

Proof of labor filed JUN 13 1918 WITNESS MY HAND AND SEAL this 10th day

Map filed NOV 16 1918 of December, 1917.

Proof of completion of work filed JUN - 3 1919

JUN 24 1920

Witnessed by applicant
